Registration

There are a couple of things you need to know about registration if you have a student registering for kindergarten.

1. Students who are currently in the Pike County Pre-K Program are automatically registered for kindergarten. There is nothing you need to do for next year.

2. If your child is not in the Pike County Pre-K Program, you will need to go online to complete the registration process.

We have all lost and found items on tables in the lobby. Please come see if anything belongs to your child. 😊
